Greetings!

We have collected \$14,980 and an estimated 42,000 signatures. There are some exciting things going on in Florida. Please keep talking about re-legalizing medical marijuana. People are listening.

Patient Spotlight

"In 2007, I was diagnosed with AML Leukemia. I was one of 500 people around the world every year to undergo a Stem Cell Transplant. A few "effects" of a stem cell transplant include seven days of full body radiation leaving me with a 99% chance of sterility, a chance of death from sunburns due to radiation burns and exposure from Graft vs. Host Disease, swelling in tendons, joints and muscles making life very stiff and painful from the excess fluid, constant dry-mouth for the rest of my life, and constant nausea from chemo, radiation and most severely, Graft vs. Host. The chances for survival are 35%..."

effects of them, and
efficacy to treat
your condition. All

his fight with the Federal Government for the right to use marijuana as medicine. Irvin has been provided over 115,000 joints by the United States Government to treat his rare disease. He is a driving force of the medical marijuana re-legalization effort in this country. Irvin is a productive member of society and a stellar example of the medical marijuana patient. He lives in Fort Lauderdale and is excited to be helping us in our efforts.

Marketing Materials

Thanks to your generous donations, we have yard signs, posters, and banners. If you would be able to place any of these things in your business or at your home, please send us an email with your name, address, and materials needed. We also have bumper stickers, business cards, petitions, t-shirts and fliers. We need your help to get these things distributed.

Get Involved

We need help scheduling events and speaking opportunities. Social clubs and retirement communities are a great resource. If you know someone involved with such organizations, please ask if we can speak at one of their meetings. We also need public speakers and helpers positioned around the state to help educate the public.
